Integra Telecom Supports Enterprise Growth in Utah With New Appointment

Integra Employee Ed Roberson Promoted to Manager of Enterprise Sales

PORTLAND, Ore., Nov. 3, 2011 - [Integra Telecom, Inc.](#), a provider of fiber-based, business grade networking, communications and cloud solutions, is supporting enterprise growth in Utah with the appointment of Ed Roberson to manager of enterprise sales. Formerly senior sales manager for Integra's Business Services Group, Roberson will focus on Utah's [enterprise business](#) segment, which is responsible for leveraging Integra's Wasatch Front fiber optic footprint and providing an array of fiber-based, high-bandwidth solutions to the Utah business community.

"Integra has experienced rapid enterprise growth in Utah, with much of our current success due to Ed's efforts," said Kevin Laverty, regional enterprise sales vice president. "As our local footprint continues to grow, we are confident that Ed will deliver the best in customer service and solutions to enterprise customers throughout the state. We are thrilled to have him leading the charge."

Integra has invested \$52 million to expand its fiber network and provide both wholesale and retail customers with carrier class, high-bandwidth products and services. Integra currently operates the most extensive fiber network of any competitive services provider for business in the West.

Roberson is currently chairman of the President's Ambassadors for the Salt Lake Chamber of Commerce and is a past chairman of the board for the Sandy Area Chamber of Commerce. Roberson also served on the boards of the Murray, South Salt Lake and Utah Black Chambers of

RESPONSIVE. RELIABLE. LOCAL.

Commerce. Ed holds a B.S. in Mechanical Engineering from the University of Texas and an MBA from Westminster College.

About Integra Telecom

Integra Telecom Inc. connects business by providing enterprise-grade networking, communications and cloud solutions to over 100,000 business and carrier customers in 11 Western states, including: Arizona, California, Colorado, Idaho, Minnesota, Montana, Nevada, North Dakota, Oregon, Utah and Washington. The company owns and operates a nationally acclaimed, best-in-class fiber-optic network consisting of a 5,000-mile high-speed long-haul fiber network and a 3,000-mile metropolitan access network including nearly 1,700 fiber-fed buildings. The company has earned some of the highest customer loyalty and customer satisfaction ratings in the telecommunications industry. Integra Telecom is a registered trademark of Integra Telecom Inc.
