- A. The Company will provide interest on Customer overpayments that are not refunded within thirty (30) days of the date the Company receives the overpayment. SECTION 3 - LONG DISTANCE TERMS, CONDITIONS AND FEES

3.1. Charges for Service and Billing Increments

Minutes of use (MOU) under each Rate Plan are calculated by adding the chargeable minutes for each separate message. MOU are billed in 6-second increments, with a 30-second minimum per message. Charges are computed according to one of the Company's rate plans. Under each rate plan charges per minute of use vary depending on the usage level committed to by the Customer and the length of the commitment to use the Company as the Customer's presubscribed long distance carrier. Chargeable minutes are based on the duration of network use.

3.2. Customer Commitment

- 3.2.1. Each Customer must commit (in writing) to a volume level and a term during which the Customer will use the Company as its presubscribed long distance carrier. If the Customer has not notified the Company of Customer's intentions with regard to renewal, the Company will enroll the Customer in the same rate plan and commitment levels (volume and term) thereunder initially chosen by the customer, unless the volume level has been changed pursuant to Section 3.2.3., below; if so, that changed volume level will be used as the commitment level under the renewal.
- 3.2.2. Customers who terminate prior to term commitment are required to pay early termination charges as specified in Section 2.16.4. of this Schedule. The usage rates listed with the Company's various long distance rate plans, described herein, are discounted off the Company's Domestic Long Distance Base Rate of \$0.10 per minute.
- 3.2.3. After the first month a Customer has used the service of the Company, or at any time thereafter, the Company or Customer may review Customer's usage levels. If the Customer's usage is below or above the usage level committed to by the Customer, the Company may notify the Customer that the rate per MOU will be changed for the next month's and subsequent months' billings for the remainder of Customer's commitment period or until the company's next periodic review of Customer's usage levels.
- 3.2.4. An excess (10% or more of the Customer's total call volume) of short duration calls (6 seconds or less) may result in the disconnection of service or discontinuation of discounted rate plans.
