

BUSINESS LINES

VOICE SERVICES

With Integra Telecom's Business Line service, you'll receive a customizable, reliable service to fit your telecommunications budget. Integra also offers long distance services that range from basic 1+ dialing to international calling.

PROVEN RELIABILITY

Our Business Lines are delivered using state-of-the-art switching technology built from solutions by the industry's leading manufacturers. Integra's network features a SONET backbone connection with self-healing capabilities, an advanced security system and monitoring to ensure optimal performance. The result is a reliable, feature-rich service that supports your business requirements.

A CUSTOMIZABLE SOLUTION

With Business Lines you can customize your service with a variety of valuable features. You can choose from a wide selection of features, including popular features like:

- >> Call Waiting
- >> Caller ID
- >> 3-Way Calling
- >> Call Forwarding

More features on back >>

LONG DISTANCE SERVICES

Whether your business contacts are located across the state or across the globe, Integra's long distance solutions are designed to accommodate customers of all sizes and usage types. We offer a variety of long distance services, including:

- >> 1+ Direct
- >> International
- >> Toll Free

CALLING FEATURES*

VOICE SERVICES

Integra Telecom offers a variety of optional calling features along with our business lines. Features can be purchased individually or as part of a feature package.

Optional Feature Package	Features	Description
✓	3-way Calling	Allows you to connect two other parties at different locations at the same time.
✓	Call Transfer	Allows you to transfer a caller to another party.
✓	Call Waiting	Allows you to answer another call while you're on the phone.
✓	Anonymous Call Rejection	Enables you to block "private" or "anonymous" calls.
✓	Caller ID	Displays the name and telephone number of your calling party.
✓	Caller ID on Call Waiting	Call Waiting alerts you that someone is calling, and Caller ID displays the second caller's information.
✓	Speed Dial 8	Assigns a single-digit code to 8 frequently dialed phone numbers.
✓	Hunting	Automatically forwards calls from a busy line to a free line. Choose from Series Line Hunting or Circular Line Hunting.
✓	Call Forward	Allows you to forward calls to an alternate number. Choose from Call Forward Busy, Call Forward No Answer, and Call Forward Variable.
✓	Remote Access Call Forwarding	Allows you to activate, change or deactivate Call Forward Variable from a cell phone, home phone, or other remote location.
✓	Selective Call Rejection	Screens and rejects calls based on your specified screening list.
✓	Continuous Redial	Continues to dial a busy number for 30 minutes or until the call is answered.
✓	Last Call Return	Provides the number of the last person to call your phone.

RECEIVE INTEGRAS PREMIUM VOICEMAIL BOX AT SPECIAL PRICES WHEN PURCHASED ALONG WITH A FEATURE PACKAGE!

Premium voicemail provides standard voicemail functionality and much more. Receive incoming faxes, forward voicemail and fax messages to your email, and receive text message notification that you have a new message in your box.
