

# MANAGED PBX SERVICES

## COMMUNICATIONS UNDER CONTROL

### FOCUS ON RUNNING YOUR BUSINESS

Integra's Managed PBX Service is a reliable and fully customizable solution that pairs our network services with the latest telephone equipment. A completely managed premise-based telephone system presented for a fixed monthly price on your network bill. Discover how this unique combination will enhance your business communication and reduce the complexity of managing separate equipment and service vendors.

» **Minimal expense**

You simply pay a low, flat monthly fee. Installation, training and equipment maintenance are all included.

» **Scaleable Solution**

As your business requirements change, you can easily add the phones and features that suit your changing needs.

» **Advanced technology**

No need for costly upgrades. Upon request, we'll upgrade your telephony software as new technologies are introduced.

» **Professional training**

Receive professional installation and training on all features and equipment.

#### Get more done. Go mobile.

Bluetooth® headset, cordless handset & cordless conference phone

 Bluetooth  NEC  MITEL

#### Add a virtual receptionist

[ NO HIRING NECESSARY ]

Manage all your incoming calls with Integra's Auto Attendant feature. This customizable option allows you to direct calls to different departments, voicemail and extensions. You'll save time and money and your callers will get directly to the right resource.
